

Sugar, Sugar: A Behind-the-Sweets Tour!

Visit Northwestern Pennsylvania's only Maple Museum, **Hurry Hill Maple Farm Museum**, to glimpse the art and science of making pure maple syrup. Sip a cup of maple hot chocolate as you peruse the museum's delightful collection of maple sugaring antiques, natural history exhibits and interactive displays and videos. The group will stop into the **Hurry Hill Sugarhouse in the Woods** to see how pure maple syrup is made and there will be plenty of maple goodies to taste.

Enjoy lunch at **Sugar 'n Spice**, a family restaurant located in the Historic Eagle Hotel. Featuring Amish-style cooking and baking with homemade food and fantastic pies, you won't leave here hungry!

A local favorite for over a century, **Pulakos Chocolates** invites you behind-the-scenes to discover how their rich chocolates and tasty candies are created. You'll be enveloped in the luscious aroma of chocolate as you hear about the four generations of history behind the specially blended chocolate recipe and see the marble tables and copper pots that artisans use to craft various sweets, including their famous sponge taffy. Light, airy and covered in a thick layer of their signature chocolate, sponge taffy is a specialty for which Pulakos is famed. Everyone will get a taste of that regional treat and have some time to shop their extensive collection of candy bars, molded chocolates, truffles and more.

Whether you like sweet wines or dry, **Arundel Cellars & Brewing Co.** has you covered. Located in a late 19th century barn and surrounded by fragrant grapes, Arundel Cellars and Brewing Co. is a family business with a rich history in both the wine industry and in the world of viticulture. Sample some wine and then choose a glass of your favorite to enjoy by the fireplace or on the covered patio.
